Vache de® Design

Nowadays it's important for an artist to communicate and to deliver a message to all publics, from all ages, from all countries and all socio-professional categories.

We have, with this ambition, develop a very large range of derivative products.

These collections of bags, cushions, placemats, post-cards, posters, notebooks, candles, socks, marble candle-holders and paperweights, scarves, tea-towells, trinket bowls, mugs, a collection of necklaces, rings, earrings from a Jewelry of Anvers, should easily complete a VanLuc's exhibition or may be single displayed into Museums, Hôtel, Design and Decoration's shops.

Obviously without forget my flagship product made in Normandy : plenty of « Vache de® » creations edited on metal, as a little jewell of frame ready-to-set-up at home, available in all formats from 15x15cm to 120x120cm and which could be tailor-designed for YOUR SHOP.

We have been developping them for 10 years and it participates to our family succes.
